Dr. Jacqueline D. Cassell
CAO/Superintendent

April 30, 2009

Dear PAE Parents, Students and Staff,

This letter is to keep you updated, to the best of our knowledge, regarding the current swine flu situation in our school community. To date, we have received **no indication** of or exposure to swine flu-like symptoms in our school district. If we do, the Oakland County Health Department, as well as all parents, will be notified immediately; including any situation that may be cause for investigation or concern.

In the meantime, please review the attached letter from the Oakland County Health Department. This letter gives recommendations to prevent this illness, as well as a website for information to be prepared at home, at work, in your neighborhood, or in our school for a pandemic or other public health emergency.

In closing, if you have reason to believe that your child is demonstrating the symptoms associated with this disease, ***please keep your child at home, seek medical help*** and **notify the school immediately**. Your support and assistance in following this request is appreciated.

Sincerely,

Dr. Jacqueline Cassell
CAO/Superintendent
