

Oakland County 2009 H1N1 Flu Vaccine Clinic and Pre-Enrollment Information

Oakland County Health Division will give flu shots for the 2009 H1N1 influenza at 14 community locations throughout Oakland County in the coming weeks. H1N1 vaccine will also be available at many health care providers in the county. Consult with your provider to see if it will be available at their location.

Who Should Get the 2009 H1N1 Vaccine

The Oakland County Health Division encourages individuals identified in the Centers for Disease Control and Prevention (CDC) target population to consider receiving the 2009 H1N1 flu vaccine. The target population includes:

- Pregnant Women
- Caregivers for children under 6 months of age
- Children and young adults ages 6 months through 24 years
- Adults ages 25 through 64 years with underlying medical conditions
- Healthcare workers and Emergency Medical Services (EMS) service workers

How to Pre-Enroll For Your H1N1 Flu Vaccine

We encourage all those interested in receiving the 2009 H1N1 vaccine at an OCHD clinic to pre-enroll online at www.oakgov.com/health. Pre-enrollment helps us with planning and also provides you with a consent form to take to the clinic of your choice. It should be noted that pre-enrollment does not guarantee a flu shot at our clinics. Flu shots will be provided based on availability. 2009 H1N1 flu clinics will be held after school hours or on Saturdays. Clinics will begin once OCHD has received 20,000 doses of the H1N1 vaccine. OCHD will offer the 2009 H1N1 vaccine **free of charge**.

Flu Vaccine is NOT Recommended for These Individuals

- Children under 6 months of age
- People who are allergic to eggs or flu vaccine*
- People who have had a serious reaction to flu vaccine in the past*
- People who have previously developed Guillain-Barre syndrome within six weeks of getting a flu shot*

**consult with your physician*

For More Information

Watch our website at www.oakgov.com/health for announcements of the H1N1 clinics and additional updates. You can also call the flu hotline at 800-434-3358 or Nurse on Call at 800-848-5533 for updates.
