INCLUSIVE EDUCATION

IDEIA 2004 states that, to the maximum extent appropriate, children with disabilities should be educated with children who are not disabled. Special classes, separate schools or other removal of children with disabilities from the regular educational environment should occur only when the nature or severity of the disability of a child is such that education within regular classes with the use of supplementary aids and services cannot be achieved satisfactorily.

Pontiac Academy for Excellence embraces this philosophy, believing that special education students can best be educated in the regular classroom. Our teachers accept responsibility for all students in their classroom and modify, accommodate and adjust teaching techniques and classroom activities to meet the learning abilities of all children.

Please indicate on the Special Education Records Request form in this registration packet if your child has an Individual Education Plan in place. You will receive an invitation from the intervention specialist or resource teacher to attend an IEP meeting, if necessary, within the first month of your child's enrollment at our academy.

The following signature indicates that I understand the instructional philosophy of the school.
